Email: mchen@chpn.org
Telephone: (555) 234-8901

PRODUCT IDENTIFICATION

Product Name: Ibuprofen Tablets
Product Strength: 400mg
Batch/Lot Number: IBU-20240110-B7
Manufacturing Date: 2024-01-10
Expiry Date: 2025-07-10
Quantity Affected: Approximately 200 tablets (4 bottles of 50 tablets)
Manufacturing Site: Contract Manufacturing - MediPharm Inc., San Diego, CA

NATURE OF COMPLAINT

Complaint Type: Visual Defect - Product Appearance
Severity Level: Major
Priority Status: Medium

DETAILED DESCRIPTION:

The pharmacy chain received their regular monthly shipment of Ibuprofen 400mg tablets on January 18, 2024. Upon inspection, the customer reported that approximately 20% of the tablets in the shipment exhibited discoloration. The discoloration appears as irregular patches and spots on the white-coated tablets. Affected tablets are being held in quarantine. The product has been stored in climate-controlled pharmacy conditions (68-72°F, 40-50% humidity) since receipt. No tablets from affected bottles have been dispensed to customers. All affected product has been segregated.

The pharmacy is concerned about:

- Product stability and efficacy
- Whether other bottles from this batch are affected
- Need for return/replacement of affected stock
- Whether this indicates a broader manufacturing issue

CUSTOMER EXPECTATIONS:

- Investigation findings within 10 business days
- Replacement product from unaffected batch
- Root cause explanation
- Assurance of corrective actions

Previous Complaints: None from this customer in past 12 months
Stock on Hand: 10 bottles total from batch, 4 affected, 6 appear normal but being held

Originating Site: Contract Manufacturing - MediPharm Inc.
Material Affected: Finished product tablets
Complaint Date: January 20, 2024
