

Customer Complaint Intake Form
=====

Date: January 28, 2024
Received Via: Email
Complaint ID: MIN-2024-005

Customer Information:

Name: Green Valley Pharmacy
Contact: Mike Peterson, Pharmacy Owner
Phone: (555) 321-6547
Email: mike@greenvalleypharmacy.com

Product Information:

Product Name: Vitamin D3 Softgels
Product Strength: 2000 IU
Batch Number: VD3-2K-20240115-C
Manufacturing Date: 01/15/2024
Expiry Date: 01/15/2026
Affected Quantity: 3 bottles (180 softgels)
Originating Site: Supplement Division, Irvine, CA

Complaint Details:

Complaint Type: Aesthetic/Appearance Issue
Severity: Minor
Priority: Low

Description:

The customer reports that softgels in 3 bottles from the above batch have a slightly cloudy appearance compared to previous batches. Customer states this is a cosmetic concern and they have not received any complaints from end consumers. Customer is inquiring if this is within normal variation or if there's a quality issue. They are not requesting a refund. Storage: Product stored in cool, dry conditions per label. No exposure to heat or direct sunlight.

Customer Request:

- Quality assessment/explanation of appearance variation
- Confirmation whether safe to continue selling
- No immediate action required, informational inquiry

Previous Issues: None

Relationship: 3-year customer, regular orders

Notes:

This appears to be minor cosmetic variation potentially due to natural ingredient variability in softgel manufacturing.

Complaint Date: 2024-01-28

Material Affected: Finished product softgels

Initial Assessment: Low risk, likely cosmetic variation
